## **DETAILED ACTION**

### **Continued Examination Under 37 CFR 1.114**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 1/4/11 has been entered.
2. The amendment filed 1/4/11 has been entered. Claims 1-22, 26, 32, and 34 have been canceled. New claims 35-38 have been added. Claims 23-24, 27-31, 33 and 35-38 are pending in the application. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### **Claim Rejections - 35 USC § 112**

3. Claims 23-24, 27-31, and 35-38 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 23 has been amended to include the limitation at lines 12-16 that recites "which is obtained by heating at a maximum heating temperature of 370-575C a multilayer self-supporting film obtained by coating an organic solvent solution comprising the heat-resistant surface treatment agent and the polyimide precursor which yields a highly heat resistant amorphous polyimide (B) onto at least one side of a self-supporting film obtained from a polyimide precursor solution which yields the polyimide (A) core layer" however it is unclear to what the limitation "which is obtained by" refers, whether the coating of the heat-resistant surface treatment agent and the polyimide precursor is the same as the coating layer at line 4,

whether the highly heat resistant amorphous polyimide at lines 7-8 and line 15 are the same, and to which polyimide film the limitation at lines 17-18 now refer.

4. Claim 33 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 33 recites the limitation "onto an adhesion-enhanced polyimide film according to claim 27" however given that Claim 27 has been cancelled, it is unclear what is meant to be encompassed by the claim.

#### **Response to Arguments**

5. Applicant's arguments filed 1/4/11 have been considered but are moot in view of the new ground(s) of rejection. Claims 23-24, 27-31, and 35-38 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
